

## **MRS**

+ For different nominal sizes

Internal Drain Connector

- + Internal seal
- + Resistant to 0.5 bar
- + Easy & Quick installation

#### Internal Drain Connector - for the internal connection of pipes with different dimensions.

The internal drain connector is suitable for flush mounting as well as for exposed pipe connections. The MRS is made of a high-quality EPDM sealing material, which is characterized by durability and has a noise-reducing effect in downpipes.

Position pipe ends.

Fold in or cut off internal drain connector at the desired position, depending on the connection situation.

Insert internal drain connector into larger pipe, apply lubricant and push in smaller

# **DESCRIPTION**

### TECHNICAL SPECIFICATION (>>)

EPDM rubber according to DIN EN 681-1 -40°C to +120°C, temporary max. temperature +160°C Temperature Resistance: UV-/Ozone Resistance:
